

LINEAR EDGEBANDER

TURANLAR UKDESCRIPTION

The T-EB-149 is our most compact economical Linear Edgebanding machine. The T-EB-149 is ideal for small manufacturers with limited space in their factory. Although a compact machine it comes with standard edging units i.e. End Cutting, Top and Bottom Trimming units as well as our standard Teflon coated EVA Hotmelt glue pot system found on the majority of the Turanlar UK Edgebander range. The machine is manufactured to the highest European standards expected within the UK market. Please get in touch if you require more details and pricing.
